SC2570 VALUE SYSTEM

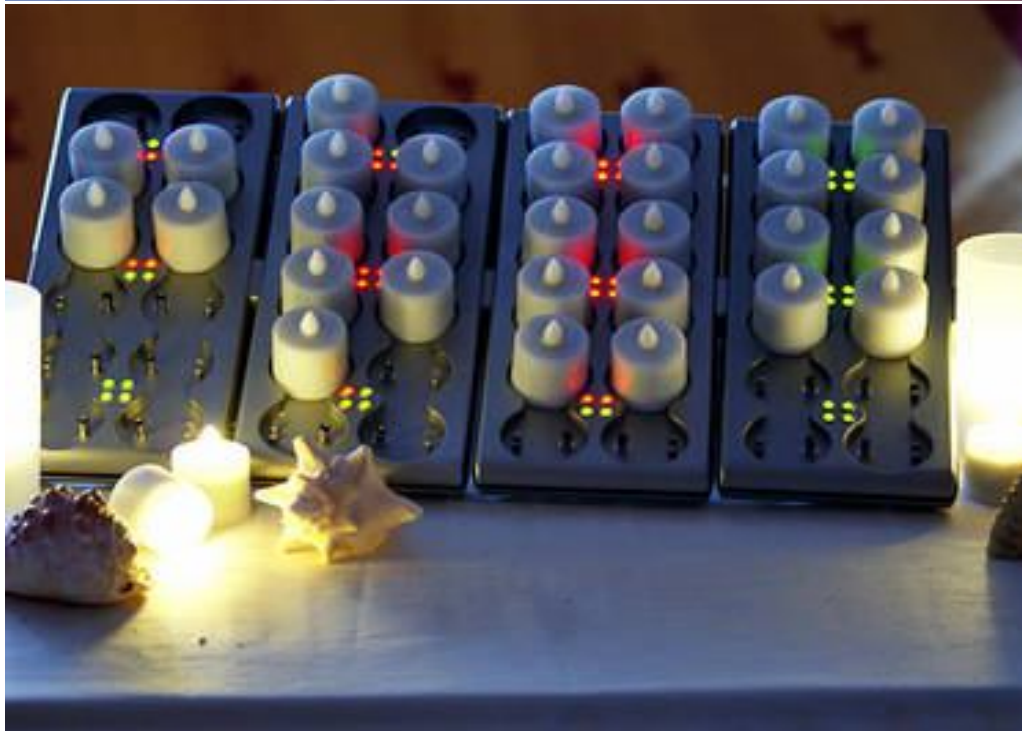

The Smartcandle value system offers a perfect solution, for customers, the set is supplied complete with the white frosted holders.

- Candles can be recharged 500+ times
- Available in Amber , or Warm White Flame
- Frosted holders available in White , Red , Blue or Green.

Based on a purchase price of say £100 per set of 12, and a comparison of using an 8 hour T-Lite each evening then the actual saving that would be made over the lifetime of the set would be £430.00

The Value set is also available without the frosted glass holders model SC2575

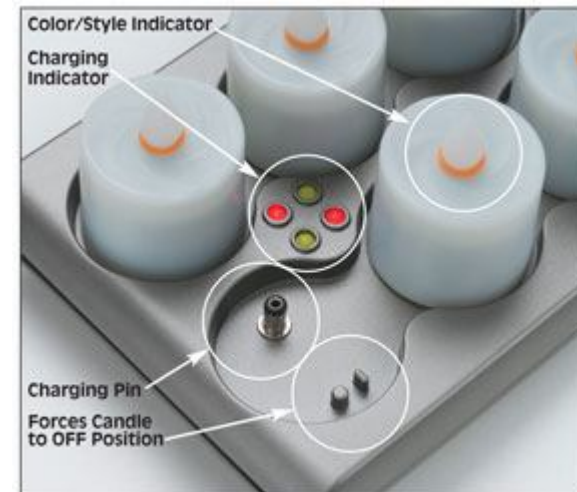

Platinum System

smart
candle®
